## USING FEDERAL AND STATE RULES OF EVIDENCE IN A COURTROOM SETTING

This course will use video vignettes of courtroom testimony and objections to raise and discuss both common and complex evidentiary issues as applied in both federal and state court. Each objection and ruling is discussed by a panel including a federal judge, a state judge, and two experienced trial attorneys who provide an analysis of the Federal and State Rules of Evidence and their application to real courtroom circumstances. Practitioners wishing to refresh and expand their command of the rules of evidence in federal and state court will enjoy the in-depth explanation of the issues.
