How to Access Your Loyola Blackboard Account

Blackboard is an online learning portal where your professors will share notes, post class notices, ask you to submit assignments, etc. Though not every professor uses Blackboard, most do – so, you should plan to access your Blackboard homepage daily in order to receive the latest class updates.

• Select the “Blackboard” tab from the upper right navigation on the www.loyno.edu website.

• Your username is the same as your Wolfpack ID.
• Your password is the first two letters of your first name and the last four digits of your SSN or Loyola “9 number.”

• If you have trouble accessing your Blackboard page OR if you login and see classes missing, please contact me ASAP at valuwisc@loyno.edu.
